## Welcome to Cayce Mill Supply

CAYCE MILL SUPPLY

CAYCE MILL SUPPLY

CAYCE MILL SUPPLY

Since our inception in 1919, Cayce Mill Supply has prided itself on delivering the highest quality and the best value to our customers. This philosophy has helped us grow into a regional industry leader, distributing a wide range of electrical, plumbing, HVAC, and industrial products, as well as a retail channel providing decorative lighting, plumbing, and accessory products through our retail showrooms.

As our many satisfied customers have come to know, Cayce Mill Supply offers not only products and services you can depend on, but also a convenient, cost effective partnership that will help your business grow.

We hope you enjoy learning more about Cayce Mill Supply, and if you have any further questions or would like to learn more about what Cayce Mill Supply has to offer, please feel free to contact us at 1-800-462-8362 or online at [www.caycemill.com](http://www.caycemill.com).

## Our Mission

To be the leader in the distribution of electrical, plumbing, HVAC, and industrial products by exceeding customer expectations in service and value.

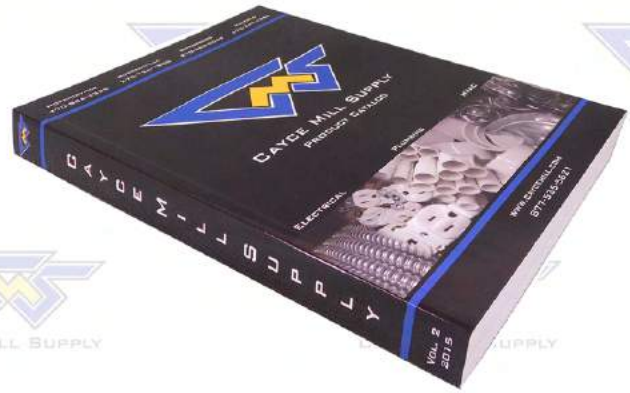

## Who We Are

As it was over 100 years ago, Cayce Mill Supply's commitment to service is our foremost priority. Clinton H. Cayce founded Cayce Mill Supply Company in 1919 selling everything from milling supplies, leather belts, pipe valves, and even explosives. Now through five generations of the Cayce family, Cayce Mill Supply has refined its product offering to the channels of electrical, plumbing, HVAC, and industrial supplies since the 1930's.

Today the 4th and 5th generations of Cayce's continue the family tradition of personalized customer service and superior value, as we continue to grow as a regional distribution force. BJ and Bart along with their dad, Breck Cayce, continue to keep the family atmosphere not only with our family of employees but our customers as well. Currently, Cayce Mill Supply employs over 90 employees, including ten outside sales consultants and two end user support product specialists. With a distribution area covering Western Kentucky, North Central and Northwest Tennessee, Southern Indiana, and Southern Illinois, we strive to meet the needs of all our customers.

At Cayce Mill Supply, we remain 100% dedicated to customer satisfaction. After all, it's a family tradition.

## One Stop Shopping

At Cayce Mill Supply, we value your business. Our sales associates are ready to assist with all of your needs. Whether industrial, commercial, or residential and across all of our product channels, our sales force will strive to find the solution you need with exceptional value. Our inventory and our people are our strengths. Your time is valuable, and by stocking electrical, plumbing, HVAC, and industrial products we can help you reduce the number of vendors and purchase orders processed to keep your business moving. Let us further assist you by providing custom labels, stock bins and inventory replenishment with our customer storeroom management. Shop with us 24/7 at [shop.caycemill.com](http://shop.caycemill.com) or browse our product catalog listing over 9,800 stocked items.

## The Power of Effective Distribution

While Cayce Mill Supply maintains healthy local inventories at all locations, the back bone of our distribution network is our 170,000 square foot main location that also serves as our distribution center for all of our operations. With daily stock replenishment between all locations, we work hard to keep the material you need in the right place at the right time. Whether you are on a scheduled truck route, or need something a little quicker, with over 20 trucks moving within our territory, you are sure to get what you need in a timely manner.

## Industries Served

One of the most powerful attributes of Cayce Mill Supply is the diversity of our customers. From serving the largest of manufacturing facilities to the independent residential contractors in our local market and shipping to over 40 states in the continental U.S. for our facility maintenance customers, we serve them all. Our diverse customer base equates to a vast variety of stocked products to select from in order to meet your project needs. It is also this diversity which expands our product knowledge to help solve your challenges.

## Vendor Relationships

With 100+ years of experience in distribution, our partners have to be as reliable as we are. As you review our line card you will see many of the leading manufacturers in the business. Our vendor relationships have lasted longer than most of our competitors have been in business. Stocking material from over 200 of the industry's top tier vendors with the ability to actively source from 2,000 more, Cayce Mill Supply is ready to put nearly four million dollars of inventory to work for you.

## The Design Center at Cayce Mill

In addition to our distribution business, Cayce Mill Supply has a number of retail showrooms. Our Hopkinsville showroom holds the title of being the largest and most beautiful in Kentucky. Whether a homeowner building or remodeling a home or a design team working on a commercial project, our seasoned team of designers strive to make your choices personal and easy. From CAD drawings of cabinetry, lighting layouts, plumbing design, and even lending a fashionable eye, we make every project, large or small, a success. Shop with us 24/7 at [thedesigncenter.caycemill.com](http://thedesigncenter.caycemill.com).
